

Portfolio Planning Document

Portfolio concept:

Using the development tools described in this document I will create a professional portfolio that includes: a personal statement, list of projects, testimonials, contact information, education, web development skills, development experience, Github graph calendar and Github activity stream.

Personal Statement:

I'm a front-end web developer experienced in all stages of the development cycle for static and dynamic web projects. Knowledgeable in front-end technology as well as the principles and techniques of website development and maintenance. Adept at conveying complex technical information to a variety of professional and lay audiences in a clear and understandable manner. Seeking employment as a front-end web developer in the Seattle area.

Build technology:

The portfolio project will be built utilizing various stylistic and thematic devices and implemented into one static website landing page.

- CSS Stylesheets: Bootstrap.css (Global styling, Responsive web design), font-awesome.css (fonts), github-calendar.css (plugin for graph-calendar), github-activity.css (plugin for activity stream), octicons.css (icons).

- JavaScript: JQuery (smooth scrolling, animation), Fetch API (JS interface for accessing and manipulating parts of HTTP), Mustache.JS (template system in JS)
- Responsive Web themes/templating ideas: StartBootstrap template, W3 Schools - W3.CSS template, 3rd wave media themes.

Featured Projects:

- Capstone project (news app utilizing VueJS).
- Angular JS Weather App (weather app utilizing AngularJS, Yeoman).
- Mt. Rainier Add-A-Map site (map project utilizing openmaps API).
- Tangletown Coffee Site(responsive web site utilizing JS, HTML and CSS).
- Flickr project (website utilizing FlickrAPI for adding photos)
- Wordpress Coffee Site (website utilizing Wordpress templates, optimization/caching plugins and served on a unique domain from a digital ocean server).
- User Science Journal (provides user science and analysis while presents findings with the assistance of Wordpress CMS)

Third party profiles:

- Github (<https://github.com/bvasilop>)
- LinkedIn (in progress)
- Email (bvasilop@gmail.com)
- Instagram (<https://www.instagram.com/bvasilop/>)
- Slack (<https://suwebdev.slack.com/>)

Bill Vasilopoulos
Front-End Web Developer
